

CETCO
OILFIELD
SERVICES

Environmental Policy

CETCO Oilfield Services is committed to the protection of the environment and will endeavour to manage or reduce, where possible, significant environmental impacts arising from company products, activities and services.

Specifically CETCO Oilfield Services will:

- Continually strive to achieve its goals of no harm to people and no pollution of the environment.
- Meet or exceed all the environmental legislation that relates to the companies activities.
- Ensure all employees are environmentally aware.
- Eliminate or minimise discharges, emissions and waste to the environment.
- Ensure that materials, processes and products conform to best environmental practice.
- Monitor the consumption of natural resources and commit to maintaining energy efficient operations, whenever possible.
- Positively contribute to customers environmental objectives.
- Encourage suppliers to maintain a similar high standard of environmental performance.
- Promote a product range to minimise the environmental impact of both production and distribution.

Awareness of and compliance with this policy is the responsibility of every manager and staff member in the company.

This policy is the responsibility of the General Manager of CETCO Oilfield Services. Monitoring and compliance of the policy is delegated to the QHSE Department.
